POWER OF PROTECTION

TRAINING IS THE KEY

More so in the security industry where the training & acquired skills of a security personnel, may be the only determining factors in life-threatening situations. Training & development begins when employee joins our organization and continues throughout their tenure.

For a successful security provider company, proper training along with grooming grounding is a vital phenomenon. Our company has a professional training center. Training programme includes inculcation of security sight and body language with comprehensive responsibility including national to human security. We impact and build confidence and traits to deal and tackle any eventuality in their services to the company.

Our security personnel are rigorously trained with respect to

- ✓ Guarding
- ✓ Escorting
- ✓ Traffic training
- ✓ Defensive driving
- ✓ Unarmed combat
- ✓ Gate controlling
- ✓ Mob controlling
- ✓ Time office training
- ✓ Interaction with local authorities and police
- ✓ Disaster management
- ✓ Visitor vehicle & material movement controlling
- ✓ Telephone and intercom handling
- ✓ Fire aid Maintenance of security related records
- ✓ Host of other disciplines

SECURITY SERVICES

OUR GUARDS

Our guards undergo rigorous background checks. They are highly trained and professional individuals who are dedicated to protecting our clients and their assets. Our guards are trained in areas such as surveillance, emergency response, and conflict resolution.

EVENT SECURITY MANAGEMENT

Our event security management team is dedicated to ensuring the safety and security of all attendees, staff, and performers at events of all sizes. We understand that every event is unique and requires a customized security plan. Our team works closely with event organizers to identify potential security risks and develop a comprehensive security plan.

OPERATIONAL FUNCTIONING

Our day-to-day security activities and processes of a organization that enable it to provide effective security services to its clients. This includes everything from the management of personnel and equipment to the implementation of security procedures and protocols.

DOG SQUADS

Our dog squads are specially trained security teams that include security dogs and their handlers. The dogs are trained to detect and respond to various security threats, such as explosives, narcotics, and intruders. The handlers are trained to work closely with their dogs, and together they provide an effective and reliable security solution.

PERSONAL BODY GUARD / VIP SECURITY

We provide a high level of protection for high-profile individuals, including celebrities, politicians, executives, and other VIPs. We understand that these individuals face unique security challenges and require a personalized security solution.

CORPORATE SECURITY

Our corporate security services are designed to provide comprehensive security solutions for businesses and organizations of all sizes. We understand that corporate security is essential to safeguarding the physical and intellectual property of our clients, as well as their employees and customers.

SURVEILLANCE SOLUTION

Our surveillance solution is a comprehensive security system that includes state-of-the-art surveillance technology, expert installation, and ongoing maintenance and support. We provide customized solutions tailored to our clients' specific security needs, including CCTV cameras, video recorders, and access control systems. With 24/7 monitoring and support.

Our clients can have peace of mind knowing that their property and assets are protected by a reliable and effective security system.
